

Common Assessment Question

1. Which of the following illustrations best represents you as you await fall break?

Maybe there should be another choice:

G. All of the above.

Only you know how diligently you worked this quarter to help your students learn; to communicate with parents; to fulfill responsibilities to your school, to your PLC, and to the daily workload that seems to get heavier and heavier each year.

After fall break, you will be learning more about SB1040 and how it will impact you and your evaluation beginning in 2012-13.

For now, thank you for your dedication to your students, to SUSD, and to public school education.

Anne Hanson, SEA President
